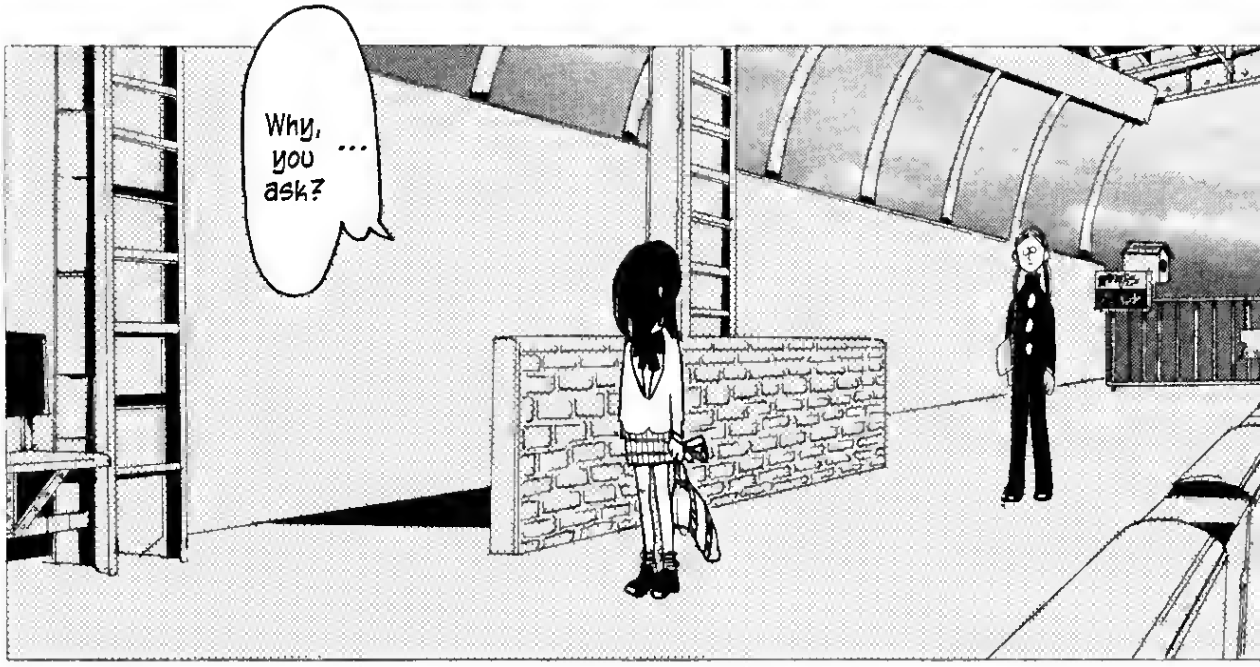
Daigaku-san,
Why are you quitting school?



Why, you ask?

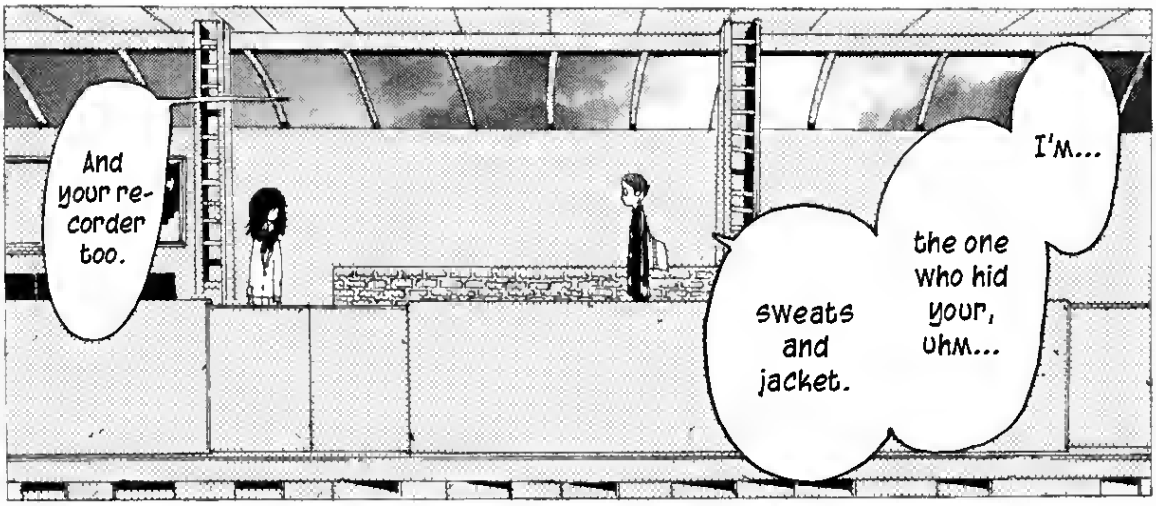
I'm Todoroki. I'm in your class.
Did you follow me?
Who are you?
Because my grandpa told me to...



And your recorder too.

That's all.

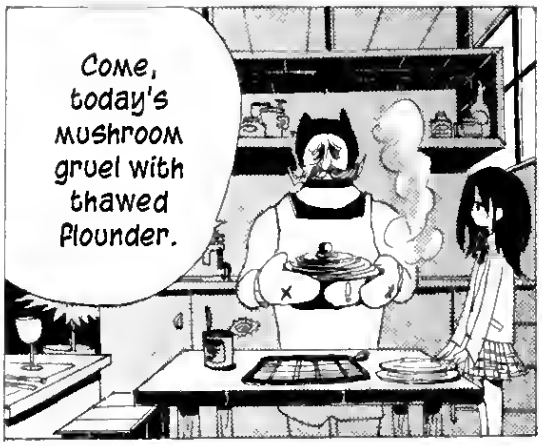
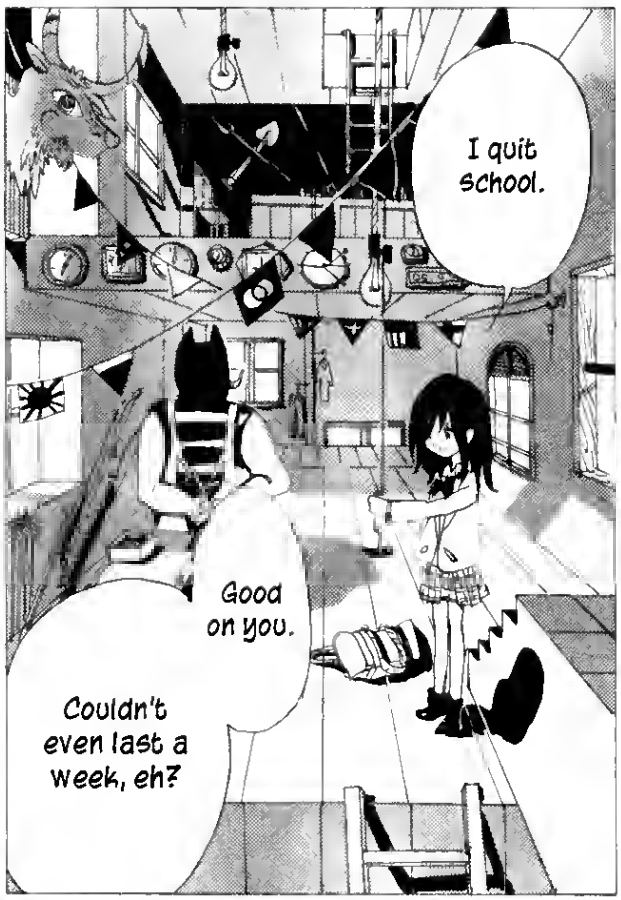
What the devil was with that bothersome urchin?



Come, today's mushroom gruel with thawed flounder.



I quit school.
Good on you.
Couldn't even last a week, eh?

Hurry up and take off your clothes. It's obscene.
Eating with your clothes on is sacrilege against God.

It's different outside than how it is in here.
School was a lonely place.
It's just as you said, Grandpa.
Your education in the outside world is over.
Forget about those things.
The people in school eat with their clothes on...
and use the toilet in them too...
If you stay here, you won't have a thing to worry about.
The outside world is filthy and vulgar, everything in it is an abomination.
You will live your whole life here, and abstain from all contact with the outside world.
I've always told you, haven't I?

...Well, I don't dislike them.
What?

that leads up to the top of the roof,
About the ladder from your room
and about the secret room
in the blind spot where the roofs meet.
Did you look inside of it?

When I went up on to the roof I saw a light and I could hear someone talking.
One night when I came to your room, you weren't there and I saw the ladder from the window.
Yes?
Really?
What do you mean, "Really"!?
You were talking to yourself!!

You were talking to the dolls!

"Yes, well, what about next week? Who will come with me to work?"
"Don't be upset, mother!"
"That's right, there's still the matter of the loan."

I've lived a modest life, never making waves.
my daily life wouldn't be complete if any one of those things were missing.

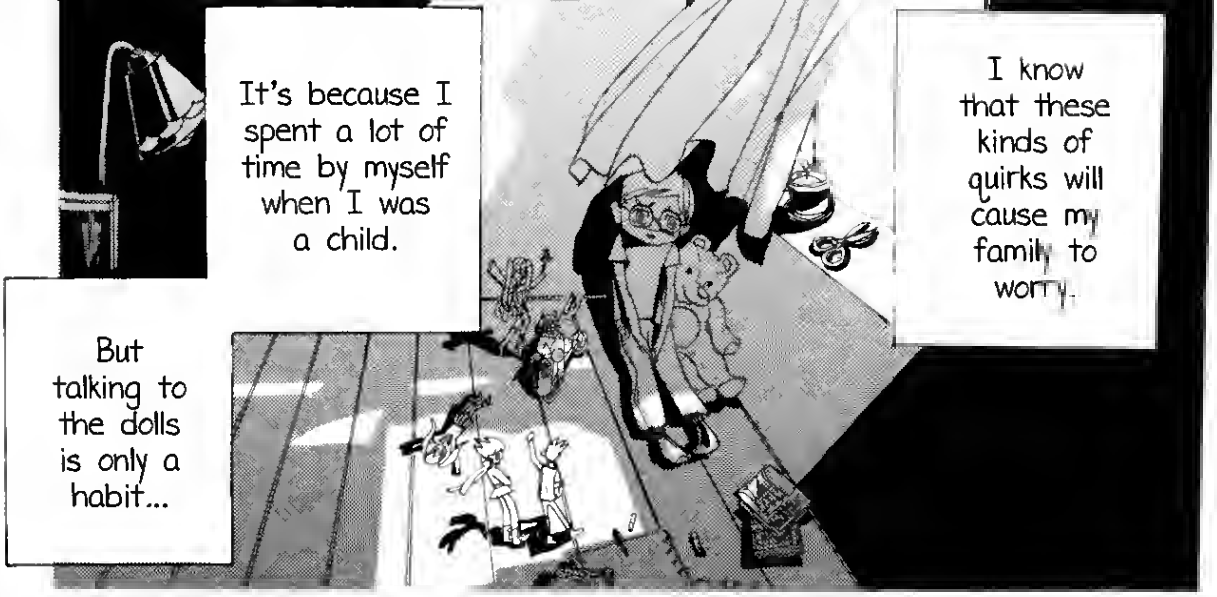
taking out the trash on Mondays,
my work,
the morning coffee,
There's nothing wrong with me.
The things that happen there
in that place are also a part of my life.



It's because I spent a lot of time by myself when I was a child.
I know that these kinds of quirks will cause my family to worry.
But talking to the dolls is only a habit...

my daily life completely changed.

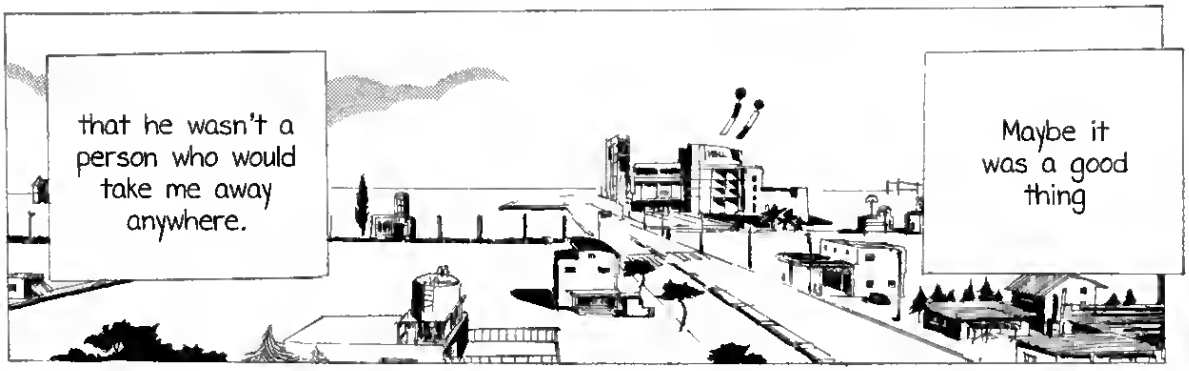
It wasn't a lie that I wanted to marry you, Shouko-san.
I've loved you from the first moment when you brought me that tapioca pudding.



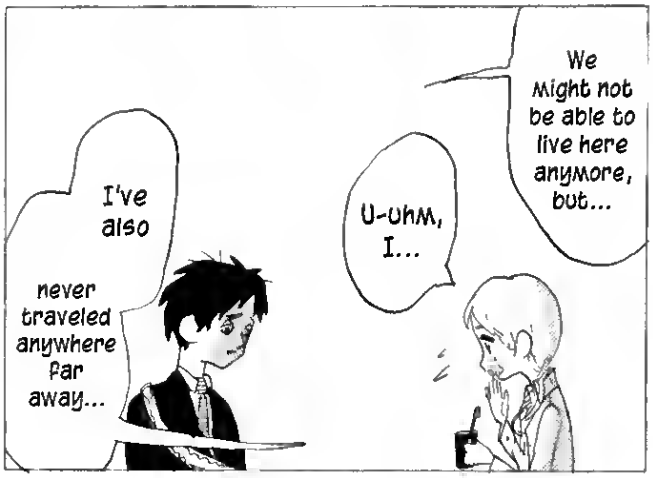
that he wasn't a person who would take me away anywhere.
Maybe it was a good thing

After all, I prefer the standard.

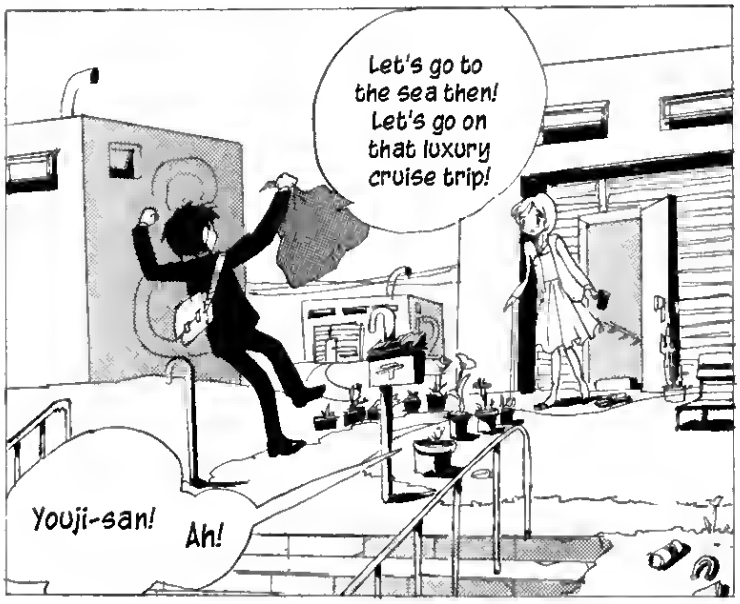
Have a nice day.
M-Maybe we should go on that trip...
I was thinking,
You know, I've...
never actually been on the bullet train or an airplane before.
I lived and went to school in this neighborhood,
and I could buy everything I wanted around these parts.

There was never anything that I wanted to see so much that I would travel far away for it,
but I just got to thinking that, if it's with the two of us, a boat trip might be nice.

I've never seen the sea.

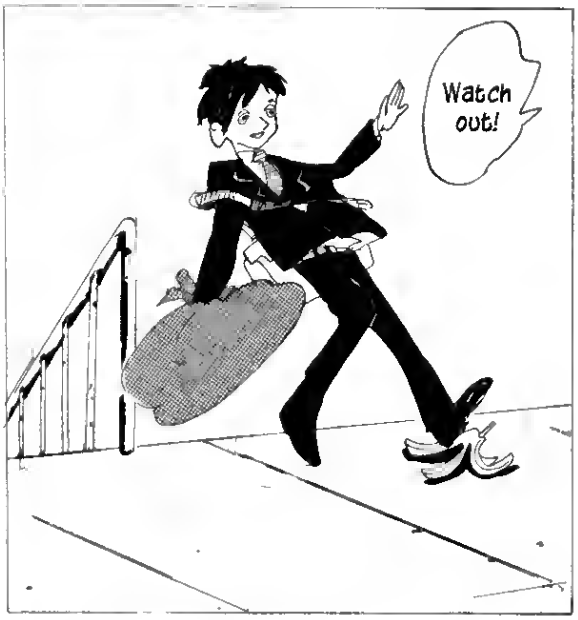


We might not be able to live here anymore, but...
U-uhm, I...
I've also never traveled anywhere far away...



Let's go to the sea then! Let's go on that luxury cruise trip!
Youji-san!
Ah!

Haha...



Watch out!

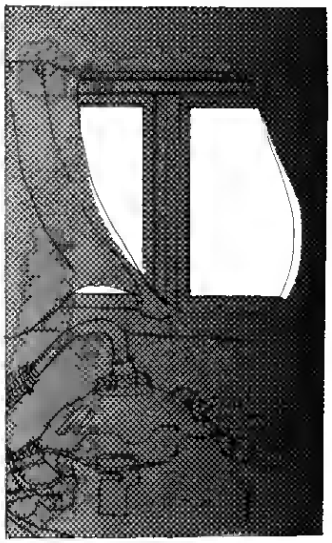
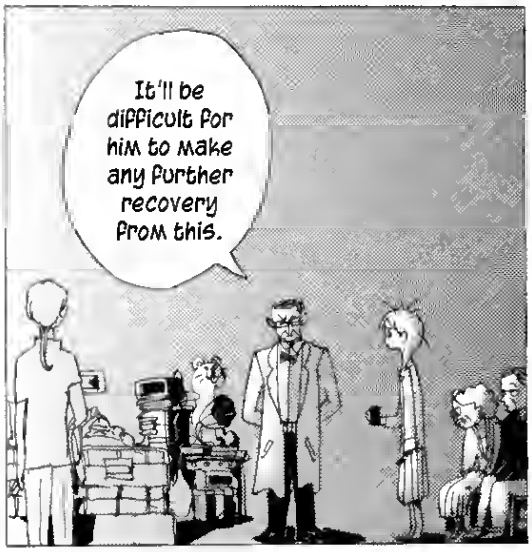
It's a serious cerebral contusion.





It'll be difficult for him to make any further recovery from this.

Within the half year...
he passed away from his condition.
It's at a temple that's by the side of the mall so I can visit the grave everyday.
I spent all of the savings and bought a large tombstone.

Ah.

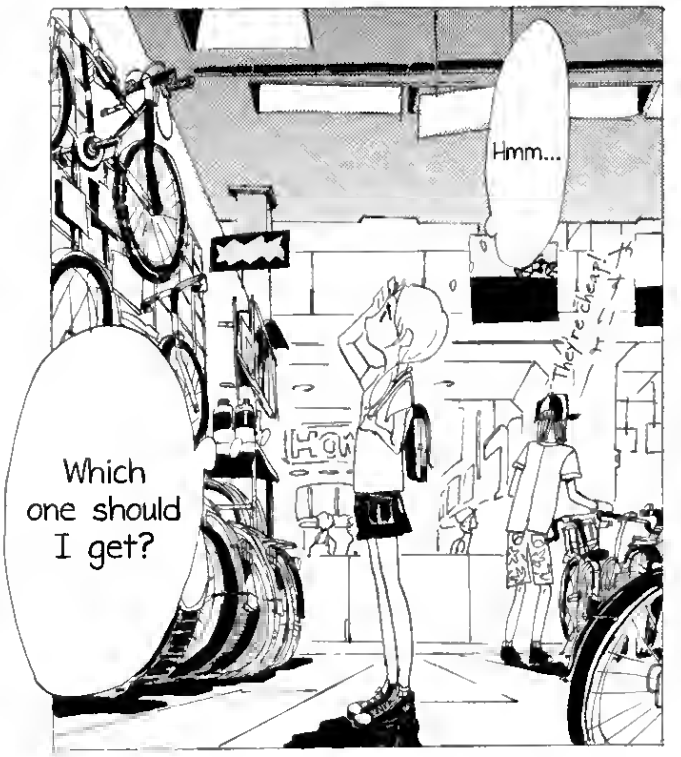
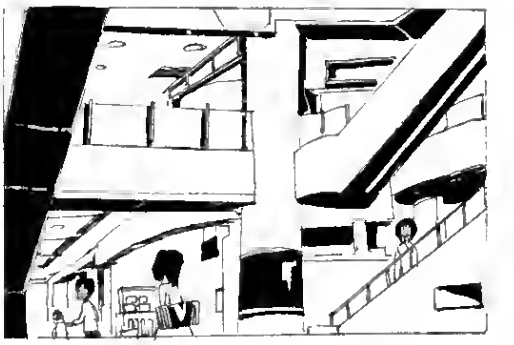
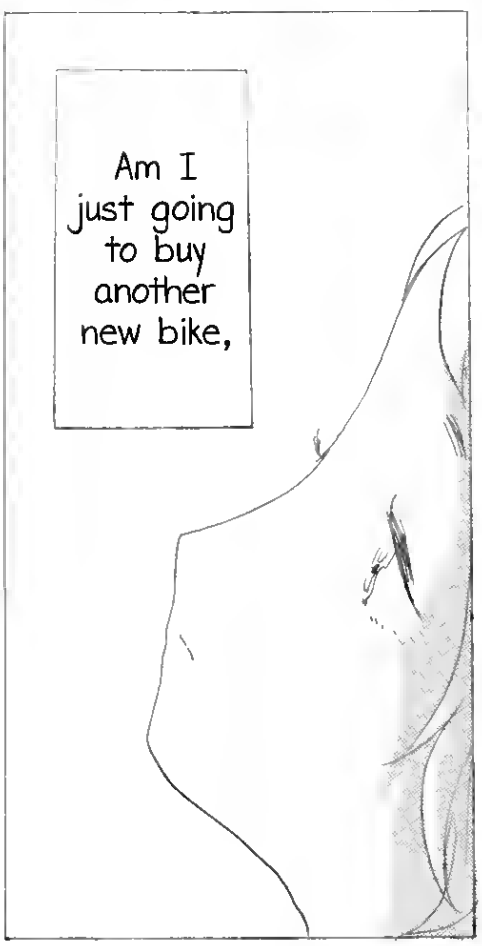
Buy some bamboo shoots for me on the way home.
Shouko, you're going to be late for work.



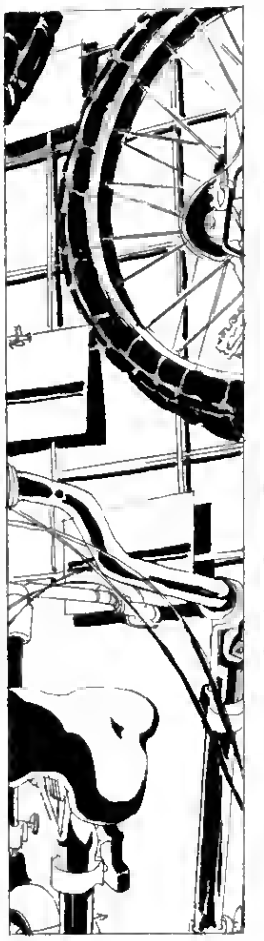
Hmm...
They're cheap!
Which one should I get?



Wel-come!
Every-thing is on sale!



Am I just going to buy another new bike,



Hmm...
Which one would Youji-san get?

like this?

my life

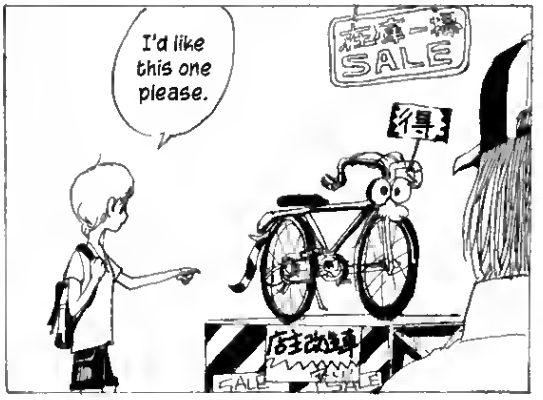
is it to the sea?

Excuse me,



I'd like this one please.

but it's sort of nice.
I'm anxious and feel guilty,

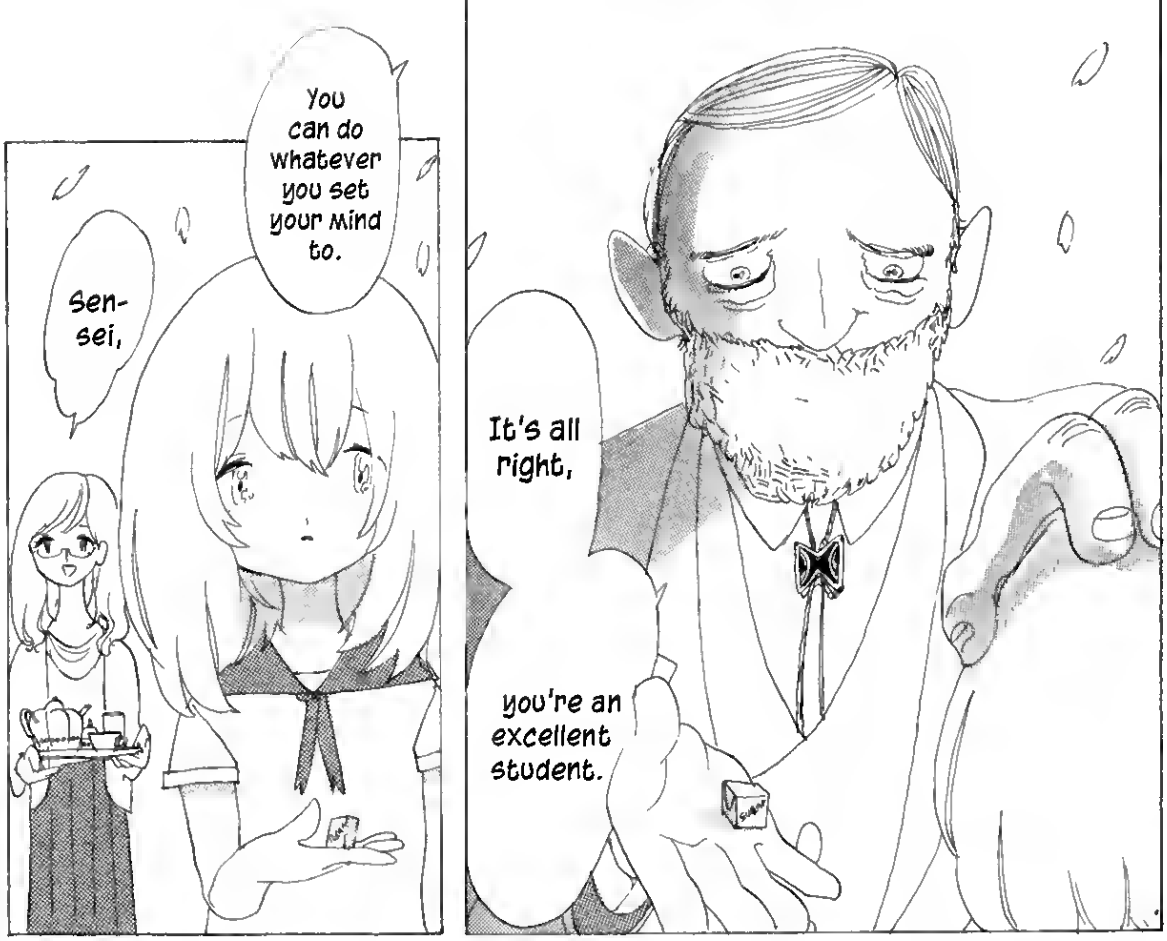
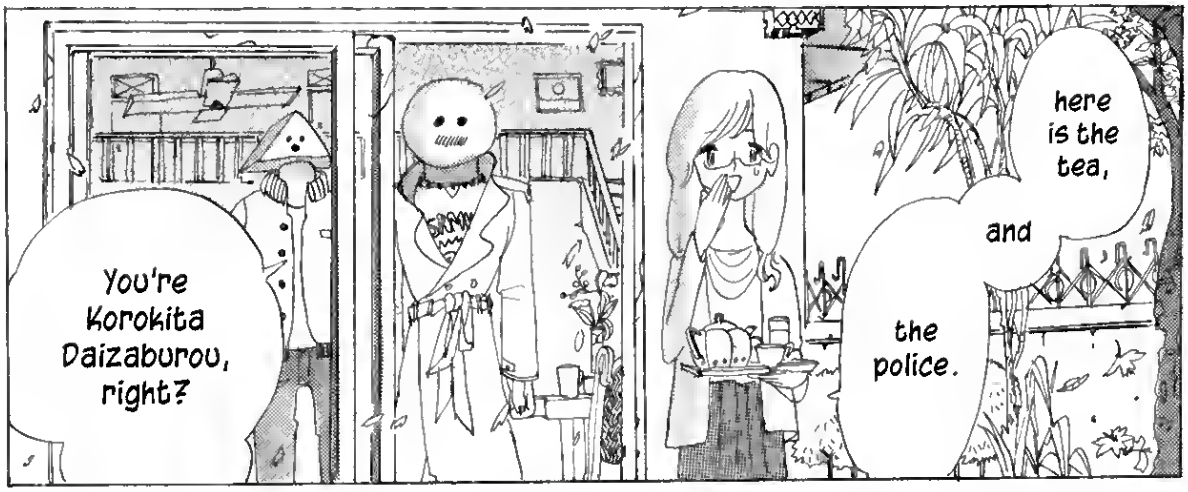
A present from your teacher for you since you are always like this.

No matter how many times I tell you it's spelled closterium and not clostarium
you always get it wrong.



Sen-
sei,
You can do whatever you set your mind to.
It's all right,
you're an excellent student.



You're Korokita Daizaburou, right?
here is the tea,

the police.

You're under arrest on suspicion of violation of the Narcotics and Psychotropics Law.

A Twisted Teacher who Gave his Students Drugs
This tutor who gave his pupils illegal stimulants has been arrested.

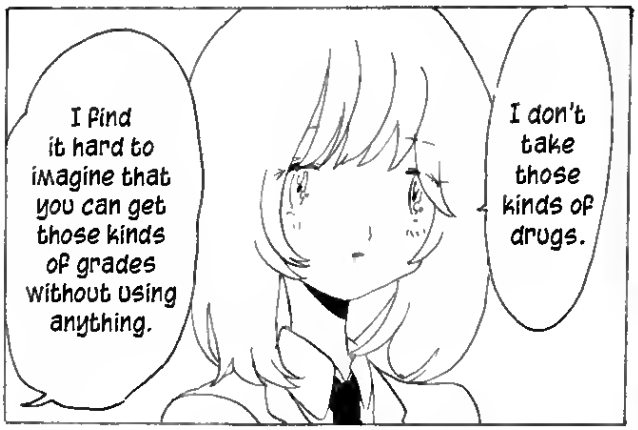
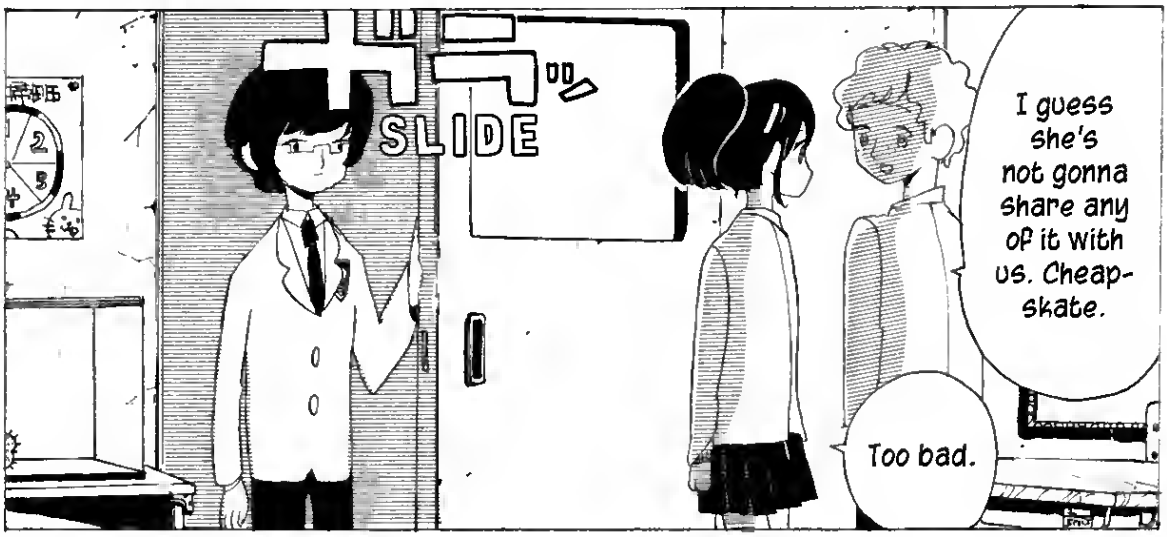
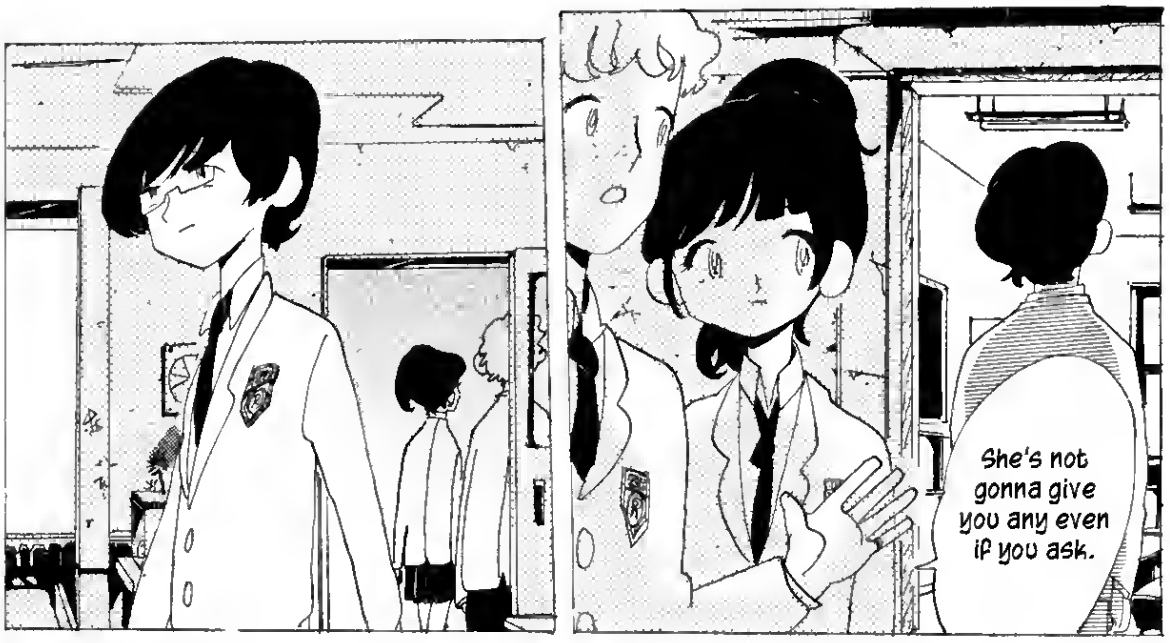
Don't you have any of those drugs left?



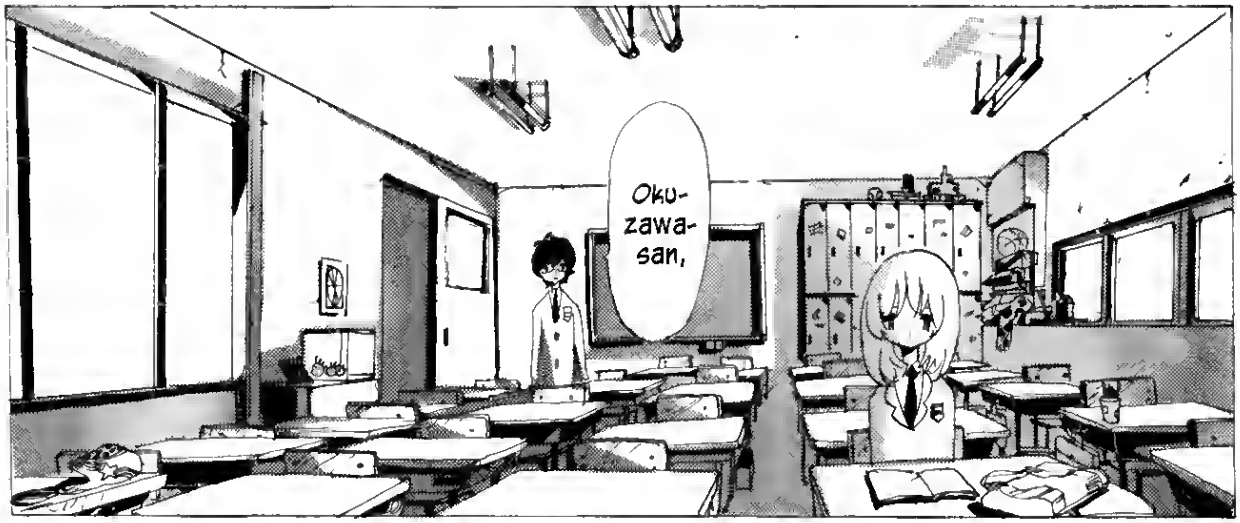
I don't take those kinds of drugs.
I find it hard to imagine that you can get those kinds of grades without using anything.



SLIDE
I guess she's not gonna share any of it with us. Cheap-skate.
Too bad.



She's not gonna give you any even if you ask.



Oku-zawa-san,

I saw you shoplift cigarettes from the supermarket the other day.
I'M Asahara from the first class.

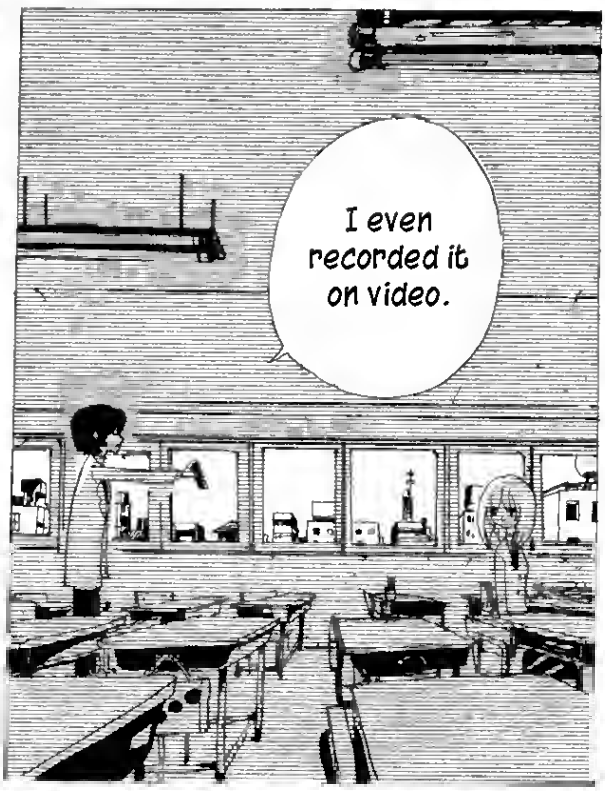
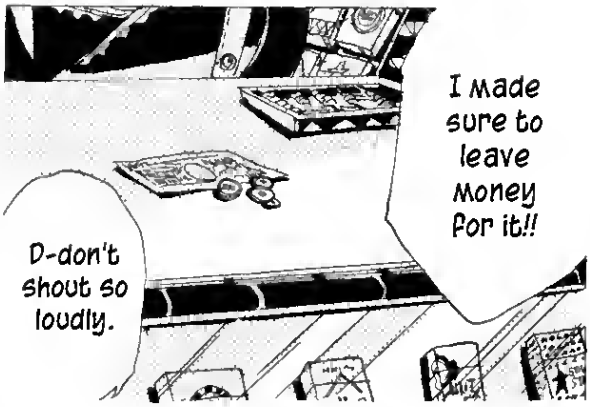
That wasn't shoplifting.



I even recorded it on video.

I left money when I took the alcohol...
and when I took the sleeping pills too...



I made sure to leave money for it!!
D-don't shout so loudly.

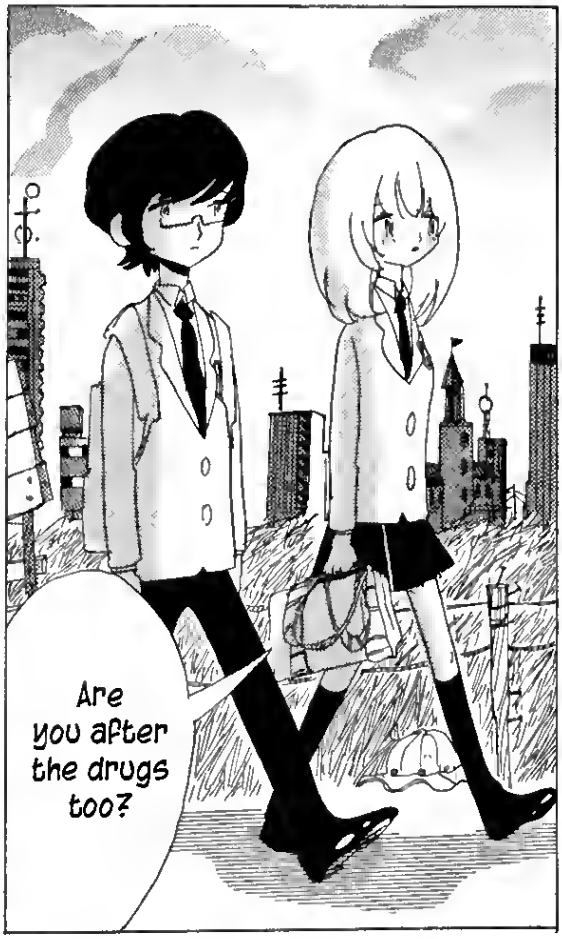
Do you mind...

No...
not really.



Are you after the drugs too?

When I look at you, I think,
"An honor student doing something as cliche as shoplifting?"
It felt like it was all a sham,

Do you like meat?

If you eat meat you become stupid...

I'm forbidden from it because I was told that meat causes the mind to become idle.

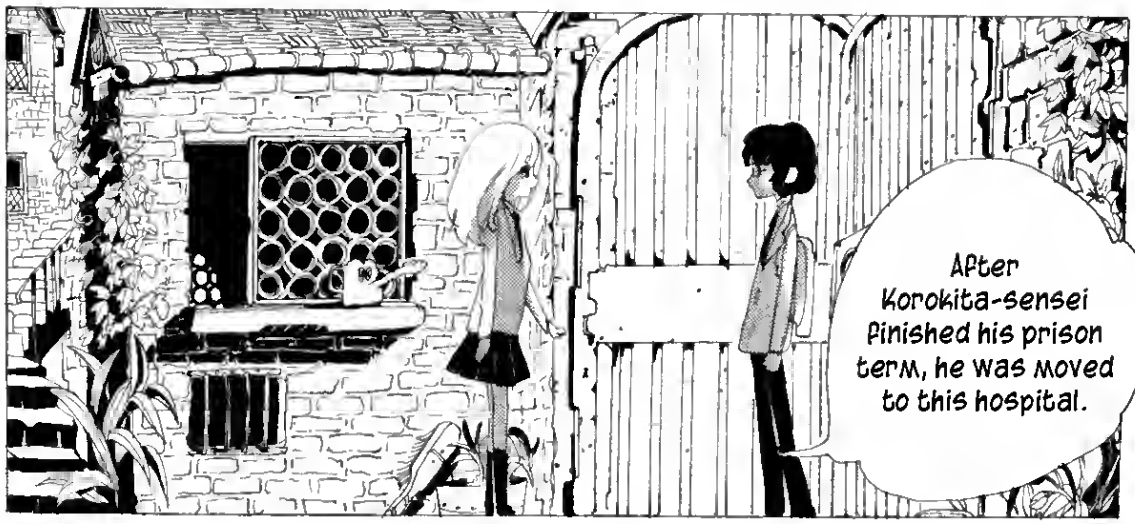
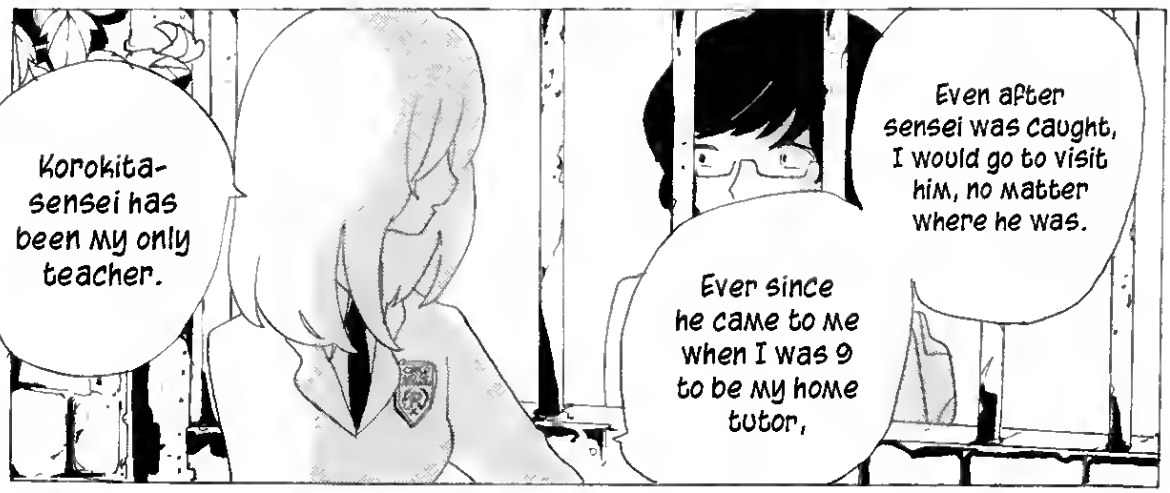
We'll do that tomorrow.

Are you satis-fied?
It doesn't matter to me if people find out about this or the shoplifting.

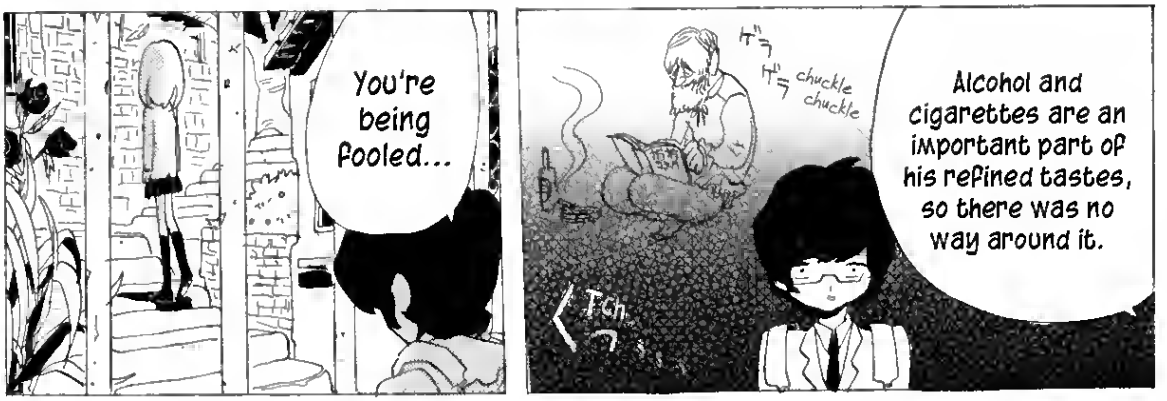


After Korokita-sensei finished his prison term, he was moved to this hospital.



Korokita-sensei has been my only teacher.
Ever since he came to me when I was 9 to be my home tutor,
Even after sensei was caught, I would go to visit him, no matter where he was.

Was the shoplifting something he told you to do too?
Hold on, isn't he just some whack-job teach?
Stop that, don't make him out to be some senile fart.



You're being fooled...

You should really just...
